

2016-17 Fee Remission Program Information

For Graduate Students

Appointments • 2016-2017 Fee Remission Bulletin • University of California, Berkeley

Check your current account status on the [CalCentral Web site](#). Fee remissions are a benefit to offset either a portion or all of your assessed fees. The amount of the fee remission you may be eligible for depends on the type of appointment you will hold this semester. Students on **Filing Fee** status are **not eligible for fee remissions**.

To qualify for a fee remission you must meet **ALL** of the following criteria:

- 1) Be registered by established university deadlines, but no later than by the end of the fifth week of classes (**September 23, 2016 for Fall 2016; February 17, 2017 for Spring 2017**).
- 2) Be enrolled in at least 12 units no later than **September 23, 2016 for Fall 2016; February 17, 2017 for Spring 2017**, and remain enrolled in at least 12 units for the semester.
- 3) Be appointed for the semester. For dates, see calendar Web site (<http://registrar.berkeley.edu/calendarDisp.aspx?terms=current>).
- 4) Be appointed in a fee remission eligible title at 25% time or greater.
- 5) Meet the academic requirements (minimum GPA, no more than 2 incompletes, etc.) for your type of appointment.

Supporting department time and leave records must substantiate the appropriate percentage of effort throughout the semester.

Undergraduate GSI appointees may be eligible for Tuition and Student Services Fee remissions only.

Failure to meet any of the above requirements will make you ineligible to receive a fee remission.

HERE'S HOW YOUR FEE REMISSION STATUS IS DETERMINED

The fee remission information reflected in your CalCentral account is based on information prepared by your hiring unit, which submits the data directly to the office of Human Resources. Questions about your appointment and the fee remission should be directed to your hiring unit.

Since this process may take up to two weeks from the time your hiring unit submits your appointment information to the Office of Human Resources, you should consult your hiring unit for details regarding your specific appointment and to ensure that you have completed all necessary hiring paperwork. If your appointment paperwork is incomplete or not submitted on time, your paycheck and fee remission may be delayed; you are still responsible for covering 20% of your assessed fees by the university deadline and enrolling in at least 12 units by the end of the fifth week of classes.

If you become ineligible for fee remission at any time in the semester, the entire fee remission credit will be reversed on your CalCentral account, and you will be responsible for payment of your registration fee balance.

DEFINITIONS OF TYPES OF REMISSIONS

Partial Fee Remission: This type of remission is equal to the amount assessed in CalCentral for Tuition, the Student Services Fee, and the Health insurance Fee (if the student has not had the health insurance requirement waived by university Health services). A Partial Fee Remission *does not* include the Class Pass (AC transit) Fee, the Berkeley Campus Fee or any other assessments such as Professional Degree Supplemental Tuition (PDST). For eligible undergraduate GSI appointees, this program only covers Tuition and Student Services Fees.

Full Fee Remission: This type of remission is equal to the amount assessed in CalCentral for Tuition, the Student Services Fee, the Class pass (AC transit) Fee, the Berkeley Campus Fee, and the Health insurance Fee (if the student has not had the health insurance requirement waived by university Health services). A Full Fee Remission does not include any other assessments such as Professional Degree Supplemental Tuition (PDST).

Full Fee Remission + Nonresident Tuition Remission: This type of remission is equal to a Full Fee Remission (see above) plus the amount assessed in CalCentral for Non-Resident Supplemental Tuition (NRST). A Full Fee Remission + Non-Resident Supplemental Tuition Remission does not include any other assessments such as Professional Degree Supplemental Tuition (PDST).

HOW TO DETERMINE THE DOLLAR AMOUNT OF EACH FEE CHARGED BY THE UNIVERSITY

To determine the dollar amount of the Tuition, Student Services Fee, Health Insurance Fee, Berkeley Campus Fee, Class Pass (AC transit) Fee or Non-Resident Supplemental Tuition Fee, look at your CalCentral Financials page or check the fee schedule on the [Registrar's web site](#).

LAWRENCE BERKELEY NATIONAL LABORATORY APPOINTMENTS

Students who have Graduate Student Research Assistant (GRSA) appointments at Lawrence Berkeley National Laboratory (LBNL) must remain at LBNL for the entire semester to be eligible for any remissions associated with the appointment. If the appointment is terminated before the end of the semester, the remissions will be canceled, and the student will be required to repay the entire amount of the LBNL remission via a bill in CalCentral. **If the student begins a GSR appointment on campus at any point after the first day of the semester, that appointment will not be for the entire semester and does not meet the criteria to qualify for the remissions.**
